WHAT ALABAMA NEEDS!

— in spite of red tape, - in spite of bureaucracy!

#### WHAT ALABAMA NEEDS!

-is a man in the Senate who'll carry on the Farm Policies of the late, beloved John H. Bankhead!

This Alabama Farm Boy who has made good, is a Methodist, a 32nd Degree Mason, a Shriner, an Elk, a Moose and a member of the Woodmen of the World and Order of the Eastern Star.

Veterans Legislation- without a single exception-has had the support and vote of Congressman Boykin. He advocates the removal of entangling red tape from the handling of Veteran's affairs.

The Tennessee-Tombigbee Project and the Alabama-Coosa Project have both had Frank Boykin's untiring efforts behind them! The first named project is virtually assured while operations have already begun on the second.

Federal Aid for Education in Alabama has had the ardent support of Frank Boykin in Congress. However, he insists on state control of such funds to insure ADEQUATE SALARIES for ALABAMA SCHOOL TEACHERS!

Farm to Market Roads and legislation beneficial to the farmers have had Frank Boykin's unswerving devotion. Every piece of Farm Legislation favored or sponsored by John H. Bankhead in the Senate has been pushed by Boykin in the House.

Government Financing for Farm Homes is strongly advocated by Frank Boykin. He believes in giving the Farmer the same low-cost financing for home construction enjoyed by city dwellers.

Federal Old Age Assistance has had the ardent support of Frank Boykin from the beginning. In the Senate he will have an improved opportunity to push it through.

The FEPC discriminates against the South. Frank Boykin opposes this measure UNLESS and UNTIL features damaging to our Southern economy are removed.

Feed Alabama and America FIRST is Frank Boykin's policy. After our essential needs are met, then we can feed the rest of the world.
